*Binding

- Please visit www.henryglassfabrics.com to check for pattern updates. Read through the instructions before beginning the project. Seam allowance is 1/4". wof = width of fabric.
- **Borders:** Before cutting border strips, measure your quilt top through the middle, both ways, to determine the exact border length. Measurements are given; however, your quilt may differ slightly in size.
- When adding border strips, press seams toward the borders.
