Making the Quilt

1. Referring to the Block diagram, arrange 4 print squares with 1 Fabric B square and 2 Fabric A rectangles as shown. Join the patches into 3 rows. Press the seam allowances away from Fabric A patches. Join the rows to make a block. Make the number of blocks in each fabric as listed in the cutting directions, a total of 72 blocks.

Block - Make 72

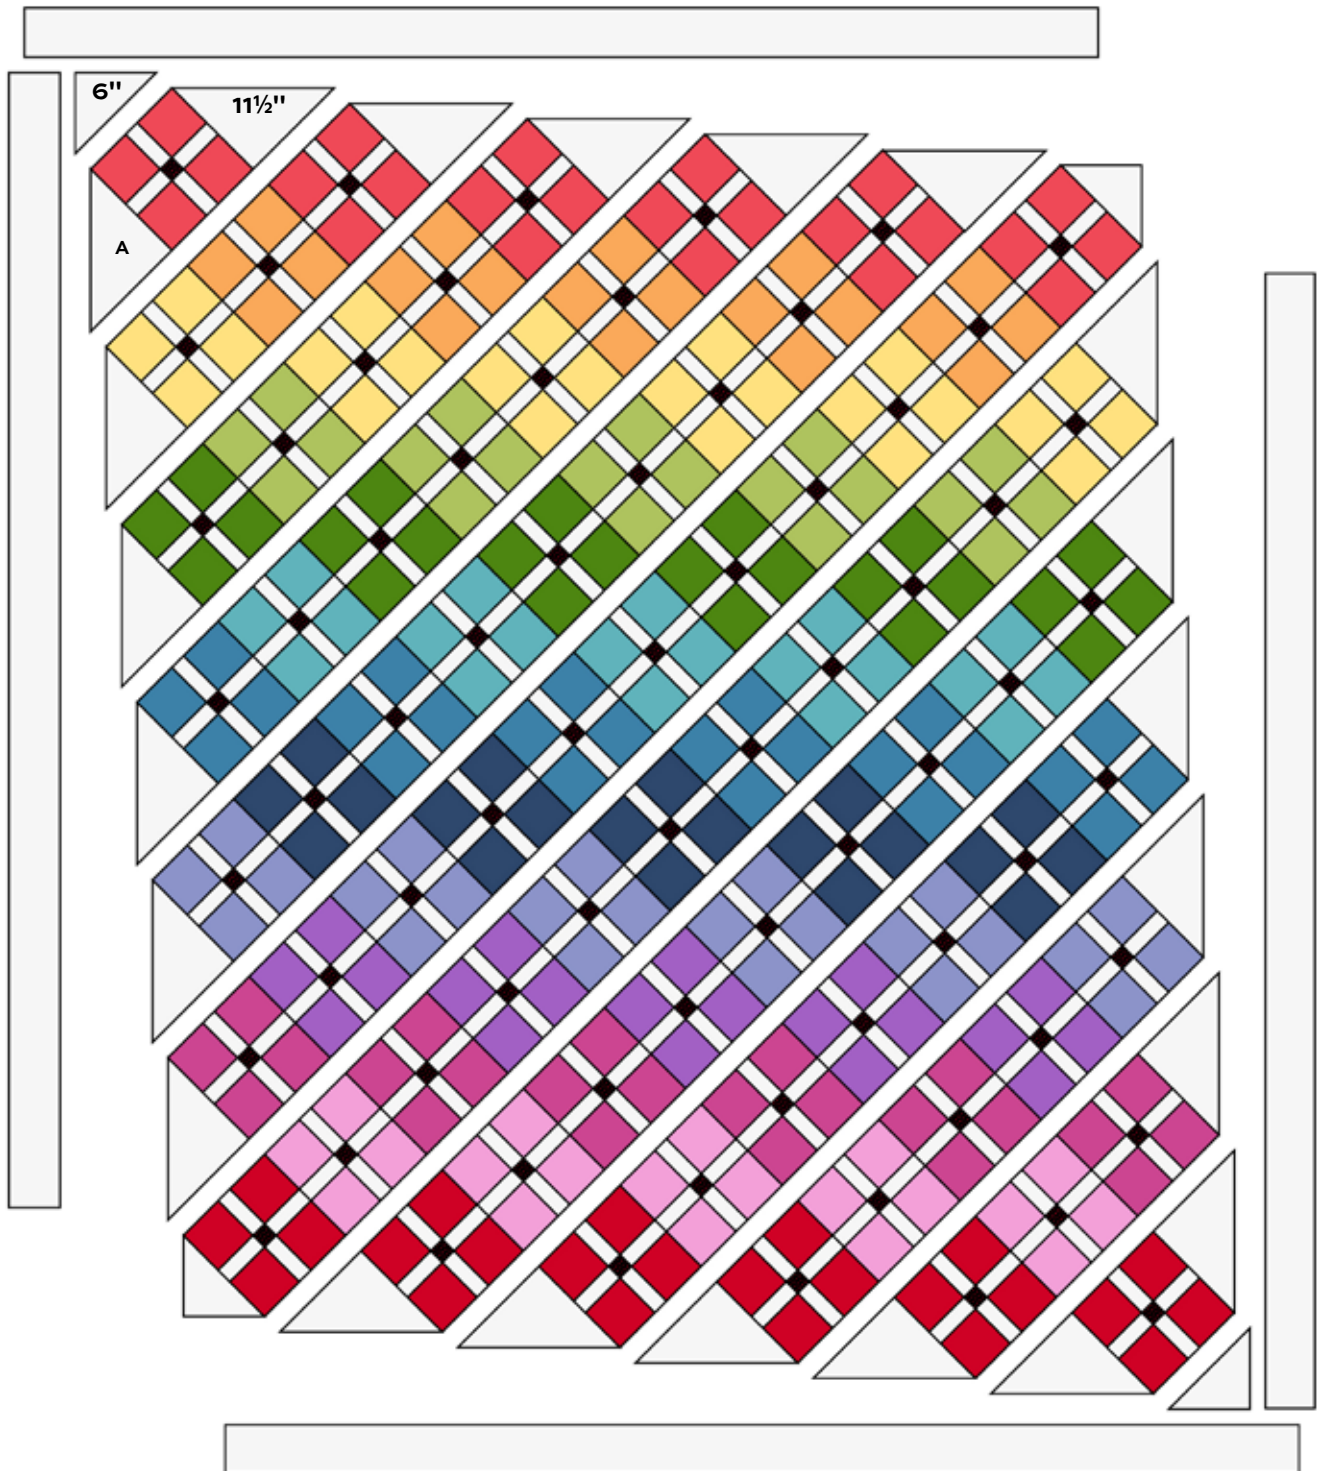

2. Referring to the Quilt Assembly, arrange the blocks into diagonal rows, paying careful attention to the fabric placement. Look through a camera or the wrong end of binoculars to check for errors. Once you are satisfied, join the blocks into diagonal rows. Sew a Fabric A quarter-square triangle at the ends of each row as shown. These triangles are cut slightly larger for insurance. They will be trimmed later. Join the rows to make the quilt. Sew Fabric A half-square triangles at the corners.

3. Trim the Fabric A triangles at the outer edges of the quilt as needed, leaving a generous $\frac{1}{4}$ " seam allowance all around.
4. Sew long Fabric A borders to the sides. Trim the borders even with the top and bottom edges of the quilt. Sew remaining borders to the top and bottom. Trim as needed.

Finishing the Quilt

5. Layer the quilt with batting and backing and baste. Quilt in the ditch around borders and patches. Quilt the Fabric A triangles as you wish. Bind to finish the quilt.
