If using 108"-wide fabric, cut (1) 66" x 78" section.

Assembly Instructions

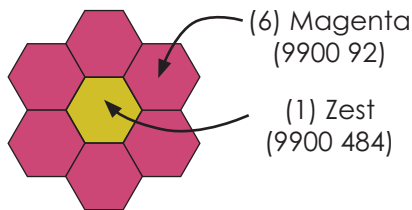

Use a scant $\frac{1}{4}$ " seam allowance throughout. Press seams open unless otherwise noted.

1. Gather (54) pre-cut 3" Hex Papers and hexie fabrics.
2. Baste hexies using your preferred method (thread or glue stick).
3. Sew into EPP flowers using your preferred method, in the Flowers listed below. Set aside until ready to join to background.

4. Join the background sections on the 66" side (if using 42"-wide fabric), and press seams open. From the bottom, trim approximately 4", so that the finished background unit measures 66" x 78".
5. Following the Quilt Top Assembly Diagram, lay out fabric flowers across the quilt top using the measurements shown as a guide. Once you're happy with color distribution, pin flowers in place before sewing down one by one. Wait to remove EPP papers until you are ready actually appliqué them down.
6. After removing EPP papers, press flower to reinforce the folded seam allowance. Pin in place, and appliqué using your preferred method (hand appliqué or machine top-stitch).
7. For Flowers 1 and 8, which bleed off the sides, appliqué as normal, then trim to the edge of the background fabric. Top-stitch $\frac{1}{8}$ " from cut edge to secure for quilting.

10. Enjoy!
