Making up the blocks

Block 1

Block 2

Block 1

Place out your pieces for block 1 as in the block diagram 1. Start with the centre pinwheel block. Sewing the triangles together to make a square. Stitch the four squares together for the block centre. Next take two of the triangles and stitch to the opposite sides of the pinwheel, press back and then sew the last two triangles. Now add your strips to the block and then the triangles to each of the corners. You will sew 13 blocks in total.

Block 2

Lay out the fabric pieces for the block as in the block diagram 2.

Stitch the small triangles together to make a square. Next make up the Flying Geese block sewing the small triangles on the long side to the opposite sides on the large triangle on the short sides.

Lay out your pieces and sew in rows and then sew the rows together to complete the block. Stitch 12 blocks in total.

Border

Diagram for border

Place out your pieces for the border, working along the strip sewing the pieces together. On two of the strips stitch a square each end.

Complete the quilt

Lay out the blocks as in the main diagram for the quilt. Sew the rows together and then you will stitch your rows together to complete the quilt centre. On each row press your seams in the opposite way each time this will help when sewing the rows together.

Next stitch the two strips without the squares at each end to the quilt. Sew the last two strips to your quilt.

Quilting

Sandwich quilt top, wadding and backing together. Quilt by hand or machine as desired. Trim the backing and wadding to the size of the quilt top.

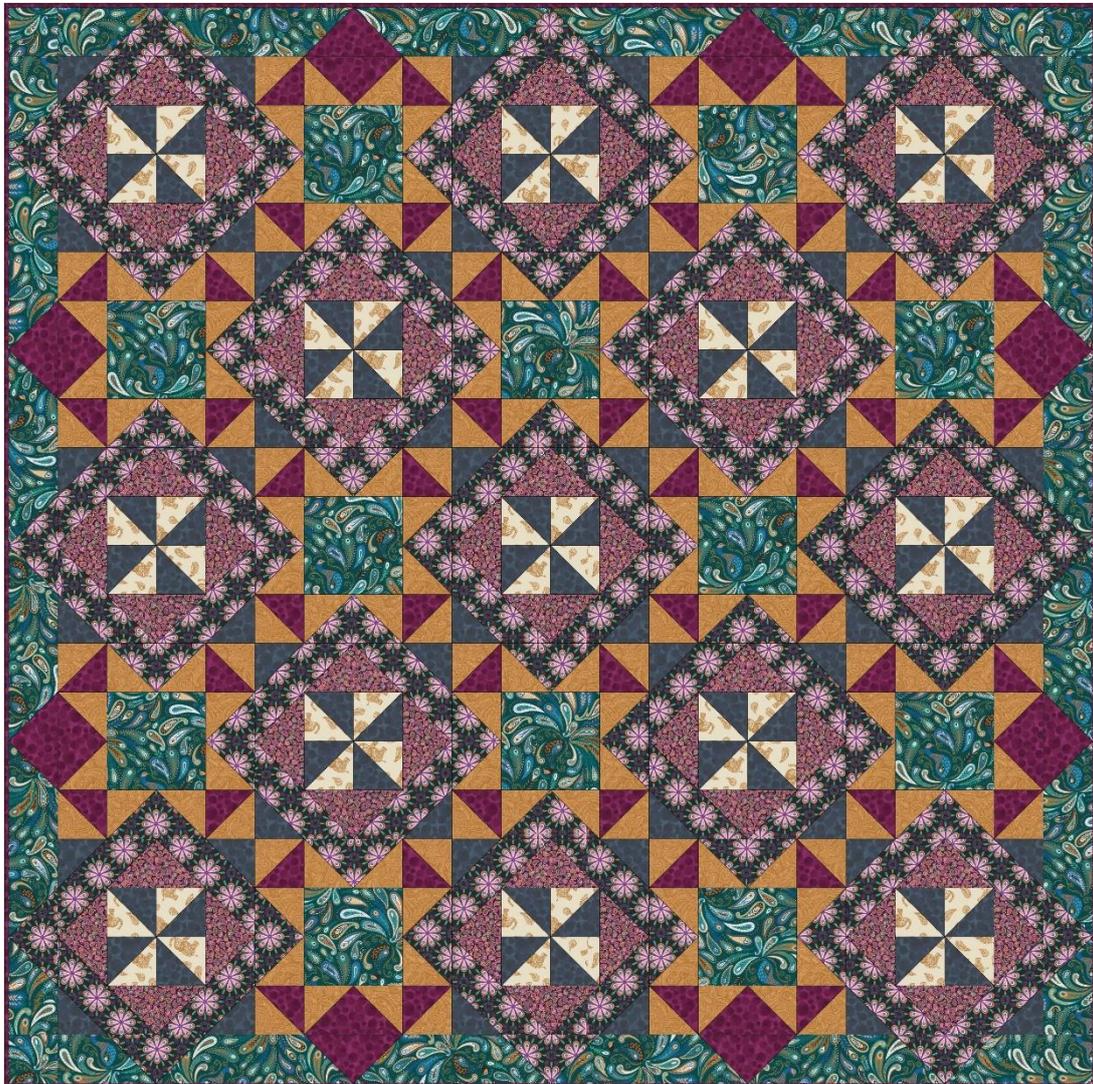

Binding

Use your favourite method from fabric 7 to bind the quilt.
